

DX8 EXCHANGE ROAD MAP

CAPITAL

We aim to grow our currency capitalization and technology. With skyrocketing growth and an initial market valuation of **\$ 11.7 MILLION**, DX8X is here to stay. By bringing our utility to life, we have proved a strong use case and foundation, even through two bearish markets.

TECH CAPABILITY

- Q1:** Complete alpha and beta testing
- Q2:** Deploy to the market
- Q3:** Begin Point-of-Sale (POS) system and web app development
- Q4:** Begin blockchain development

FEATURES

Direct purchase capability within wallet include: bank deposit, debit card, credit card, Apple Pay, and Google Pay.

Web 3.0, liquidity staking, swap & convert in one click, and cross-country transfers.

PARTNERSHIPS

Using our partnerships with ANKR, WYRE, Transakt, and dozens of high volume cash-businesses across world, we're an almost vertical platform demand for order flow and cash conversion.

Through our unique liquidity trap and smart-swap-convert-send method, we're able to reassure cash-based businesses and exchange users that their currency converted into DX8X is primed for steady growth, while allowing the option to quickly convert between FIAT, USDT, and USDC, as well as other cryptocurrencies.

STRUCTURE

During Q1 and Q2 of 2022, our focus is on the technology that makes DX8X nimble, liquid, and easy to use. We will launch on CoinMarketCap by the end of Q1. We call this Phase 1.

Phase 2 is about perfecting the business. Beginning in 2023, we begin the build-out of becoming our own blockchain that will be powered by HEMP and natural energy.

RESOURCES

Our mission is to build-out the technology and make it as easy as possible to use DX8 for everyday transactions. The resources we'll be employing are through our relationships within our vast social media network, Splash of the Middle East, Boredpuma, and BigToysNFT collaboration. Also, the hip-hop, house, and rap industry that extends worldwide with some of the most world-renowned and legendary names in production and artistry, along with FM radio stations worldwide. This allows us to market our product and build vertical growth.

RESULTS

We have met every goal on time in 2021, and our track record is evident.

- Began build of App and web marketplace
- Completed pre-sale work with high-volume cash based businesses and prepared contracts for technology unveils in Q2.
- Began marketing campaign on social media and through financial blogs.

By the end of Q4 we will:

- Begin blockchain development.
- Have beat every other app exchange in fees.
- Become a worldwide brand.
